ACTION FOR YOU ALL YEAR ROUND

On the District Council, we have delivered on every pledge that we made to you at the last election. It is important to us that we make specific commitments that mean something real and can be measured.

Whilst we work with the Police, County Council (roads) and Health Authorities, we would not pretend that we can change what they do other than through partnership activities.

We develop our commitments following the doorstep conversations that we have with you, opinion surveys and statistics to measure the success of the District.

Our full manifesto, and list of what we have done for you, can be found on our website.

You are voting for a Council that lasts 4 years.

YOUR LOCAL CONSERVATIVE CANDIDATE

ROGER JACKSON

I have had the honour of being your local Conservative Councillor for the last 16 years and your County Councillor for the last 6 years. I have enjoyed working with many of you in trying to solve your problems and improve local facilities, fill potholes, prosecute fly-tipping, and get better local broadband. As Chairman of the Leisure and Environment Committee, I have been trying to encourage better recycling rates and reduce the

contamination of our wheelie bins as well as overseeing enforcement officers who are helping to stop anti-social behaviour in our area. I enjoy attending local parish council meetings and discussing issues with many residents. Having lived and worked in Gonalston all my life, I do know the problems we face in small rural villages and I am keen to listen and help anyone who lives here.

I also enjoy having a pint and meeting residents in our local pubs and congratulate the residents of Thurgarton on reopening the Red Lion and wish residents in Hoveringham every success in reopening the Reindeer Inn—I feel local facilities like these are a great asset to our villages. I hope that I can have your continued support to work hard for you and to represent our concerns to the District Council.
