

# SUE SADDINGTON

- A record of action, a promise of more
- Listening and delivering for Muskham Ward

Including the villages of: Bathley, Caunton, Cromwell, North Muskham, Norwell and South Muskham.

## ACTION FOR YOU ALL YEAR ROUND

On the District Council, we have delivered on every pledge that we made to you at the last election. It is important to us that we make specific commitments that mean something real and can be measured.

Whilst we work with the Police, County Council (roads) and Health Authorities, we would not pretend that we can change what they do other than through partnership activities.

We develop our commitments following the doorstep conversations that we have with you, opinion surveys and statistics to measure the success of the District.

Our full manifesto, and list of what we have done for you, can be found on our website.

You are voting for a Council that lasts 4 years.

## YOUR LOCAL CONSERVATIVE CANDIDATE

### SUE SADDINGTON

I have had the pleasure of representing the Muskham Ward for the last 20 years. In 2015, I was pleased to welcome Caunton and Norwell into the Muskham Ward.

I was formerly Susan Thomas, my family has lived in North Muskham for over 70 years where my parents ran a coach business. I am married with a daughter and grandson, William.

Myself and Cllr Bruce Laughton have succeeded in introducing the Environmental Weight Limits and speed reductions throughout all the villages in the ward which prevents HGV traffic taking short cuts on rural roads. In North Muskham, residents living adjacent to the A1 requested a barrier to limit traffic noise — after much lobbying, with the help of the Parish Council and

residents, we have succeeded. If re-elected, I will continue to fight for continued public transport in our rural villages, more investment in our primary schools and improved broadband.

I regularly attend Parish Councils and welcome residents to discuss issues of concern with me.
